ESTATE

In 1953, the Richlor Estate was founded when our grandparents left San Francisco and relocated to Healdsburg in Sonoma County. For several decades they farmed apples, pears, and plums. In 1989 our family realized the soil and terrain were ideal for vineyards and decided seventy-five acres would be planted at the Estate over the next several years. For decades, this carefully cultivated fruit has been acquired by world renown local wineries. In 2016 Ranch Road Vineyards started producing their own boutique vintages of Merlot, Cabernet and Chardonnay.

ENJOY THE RIDE!
