

"I believe that the California Coast is the best place in the world to make Pinot Noir. I've spent the past 14 years crafting lush and complex Pinots from some of the best vineyards up and down the coast and that journey has brought me to this place, to this wine. Black Pine Means Pinot Noir."

– Roger Roessler, Founder

2012 Black Pine Pinot Noir

Black Pine Pinot Noir is a masterful blend of great vineyards from up and down the California Coast, which we believe is the best place in the world to make Pinot Noir.

Rich in concentration, Black Pine Pinot Noir fills the glass with concentrated dark cherry and earthy aromas that continue to the palate with lush and concentrated dark cherry and berry flavors with herbal and spice notes on great structure and ending with a silky, long finish.

Our Black Pine hits Pinot Noir's Sweet Spot with complexity, nuance and the lush mouthfeel that makes Pinot Noir so special. It's the perfect wine for everything from burgers and a casual evening at home to a warm, inviting cassoulet and a romantic dinner for two.
